Serviceman

Austral Resources Operations, North Queensland

As a valued member of the maintenance team, you will be responsible for ensuring that Austral's mining and mobile plant/equipment are serviced to ensure maximum plant availability and to minimize downtime.

Some of these Duties include:

- Refuelling mining and mobile plant/equipment,
- Routine maintenance,
- Assist fitters where required,
- Ensure good housekeeping standards are maintained at all times,
- General workshop duties
- Equipment servicing including oil and filter changes,
- Machine inspections, reporting on defects and checking fluid levels daily, and
- Work within a small maintenance team dedicated to achieving our set targets.

Safety is a core value at Austral and we expect all levels of employees to act in a manner that seeks to enhance the safety culture and performance of our operations.

This role is offered on 14 days on, 7 days off roster and is FIFO from Brisbane, Townsville or Cairns.

About You:

You will should have:

- Previous experience working as a serviceman on a mite site or working in mining and/or heavy earthmoving industries,
- Excellent time management and organisational skills with the ability to work independently and demonstrate initiative,
- Possess a current manual driver's license (HR Licence preferred),
- Demonstrate excellent communication skills, and
- A commitment to a positive safety culture.

Eligibility:

- Candidates must be domiciled and eligible to work in Australia (without requiring sponsorship) to be considered for employment by Austral Resources.

Further information about Austral Resources is available on the Company's website. www.australres.com
